## What does this procedure affect?

This procedure affects the delivery of subjects of GCE and GCSE qualifications which contain a component(s) of non-examination assessment.

The regulator's definition of an examination is very narrow. In effect, any type of assessment that is not 'externally set and taken by candidates at the same time under controlled conditions' is classified as non-examination assessment (NEA). 'NEA' therefore includes, but is not limited to, internal assessment. Externally marked and/or externally set practical examinations taken at different times across centres are classified as 'NEA'.

[JCQ publication [Instructions for conducting non-examination assessments](#), Foreword]

This publication is further referred to in this policy as [NEA](#)

## Purpose of the procedure

The purpose of this procedure, as defined by JCQ, is to

- cover procedures for planning and managing non-examination assessments
- define staff roles and responsibilities with respect to non-examination assessments
- manage risks associated with non-examination assessments

The procedure will need to cover all types of non-examination assessment.

[[NEA](#) 1]

## What are non-examination assessments?

Non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers.

There are three assessment stages and rules which apply to each stage. These rules often vary across subjects. The stages are:

- task setting;
- task taking;
- task marking.

## Procedures for planning and managing non-examination assessments identifying staff roles and responsibilities

This section provides additional information/procedures for planning and managing non-examination assessments in specific subjects of qualifications.

### A Level Geography

As per below the subject teacher will ensure all target work completion deadlines are met by students and guidelines by the awarding body adhered to.

- Subject teacher will ensure Students are given the opportunity to attend at least 4 days of fieldwork. These include a trip to London for Contemporary Urban Environments and Changing Places Modules as well as local field visits to Eastwood for Changing Places and Langley Mill for the Water and Carbon Cycle Module. Students also have to complete fieldwork for their independent study. Subject teacher will ensure that this is recorded on the fieldwork statement as required by the exam board in May.
- Students have to design and carry out their own independent fieldwork investigation. This is introduced in the Summer Term of Y12 and proposal forms are expected to be completed and approved by the subject teacher before the summer holiday to enable them to complete fieldwork in the summer months. This is especially important where students are visiting river or coastal environments to reduce the personal safety risks. Students do not work on the same topics but can help each other with the collection of data due to safety reasons as allowed by the exam board.
- Subject teacher ensures students are given 2 lessons a week in the Autumn term to work on their projects with access to computers and printers. Additional fieldwork may also be completed in their own time as a project develops. Subject teacher supervises but due to strict guidelines on independence, this has to be very limited and students are sat away from each other as this section of the fieldwork has to be done on their own. Projects are handed in at February Half Term.
- All work is internally assessed and standardised by 2 members of staff by the deadline date provided by the awarding body.

### A Level History

In Year 12 the students have a series of lessons over 6 weeks as an introduction to Civil Rights in the USA 1865 - 1965. They then write their own enquiry question which is sent off and approved by the exam board. They then spend the rest of Year 12 and 13 researching and writing said Q using the books available in the department and their own research. They hand the finish piece in around Easter of year 13 and this is marked by myself in accordance with the exam board mark scheme and all the essays are then sent to the exam board who mark them as well. Students are given deadline of several weeks before official deadline to account for any potential delays and to ensure the awarding bodies deadline are met.

### Level 2 VCERT in IMedia

All assignments are planned at the start of the academic year via a two year assessment plan. The assessment plan includes a full breakdown of required units and assignments; it also details, learning aims, deadline dates, internal verification dates and information about who will assess and verify the work. The assessment plan is a working document that can be changed throughout the academic year if needed; this should be checked with the Quality Nominee.

- The Quality Nominee checks the assessment plans and they are later externally checked by the awarding body.
- The Quality Nominee and Assessor will ensure the assessment plan is adhered to.
- The Quality Nominee will ensure that assessment is sampled for all units according to the dates set on the assessment plan.
- The Assessor will ensure that samples of candidate's work are provided to the awarding body for monitoring purposes by the external agreed date.

Student work will be kept for 12 weeks after certification, then will be securely disposed of in line with GDPR.

### **GCSE Art and Design Component 1 Personal Portfolio**

Students are following the Art, Craft and Design endorsement and therefore create work through fine art, 3d and/or textiles practices. Students complete 2 units under the themes of “life” and “Confectionery” both covering all Assessment Objectives.

- 120 guided learning hours are completed within timetabled time and any catch up through additional intervention sessions.
- The subject teacher will ensure only work completed in the presence of or directed by staff will be allowed to be put forward for assessment
- The subject teacher will ensure authentication sheets are completed and signed by staff and students
- All work is internally assessed and standardised by 2 members of staff by the deadline date provided by the awarding body.

### **BTEC Level 1/2 First Award, BTEC Tech Award and BTEC National Level Three**

All assignments are planned at the start of the academic year via a two year assessment plan. The assessment plan includes a full breakdown of required units and assignments for each course run, it also details assignment brief hand-out dates, learning aims, deadline dates, internal verification dates, and information of who will assess and verify the work. The assessment plan is a working document that can be changed throughout the academic year if needed, this should be checked with the Quality Nominee.

Meetings and training sessions are held every half term to ensure staff are informed of any change in procedure. Also meetings include explanations of official paperwork and sharing of best practice relating to assessment processes.

- The Quality Nominee checks the assessment plans and they are later externally checked by the awarding body.
- The Subject Lead will register as Lead IV at the start of the academic year and complete standards verification with their assessment team.
- Prior to assignment briefs being handed out to students they are internally verified.
- The Lead IV and subject teacher will ensure the assessment plan is adhered to.
- The Lead IV will ensure that assessment is sampled for all units according to the dates set on the assessment plan.
- The Lead IV will ensure that samples of candidate’s work are provided to the awarding body for monitoring purposes by the external agreed date.

BTEC Documentation is kept for three years by the centre after certification in archive subject folders. Student work is kept for 12 weeks after certification, then will be securely disposed off in line with GDPR.

### **EAL Engineering level 1 / 2 and 3**

Students are to complete relevant modules to the particular course they have taken; each module will have an internal assessment attached, which will be completed by internally set deadlines to ensure external deadlines are met. On completion of the modules, practical developments and any on-line assessments, a synoptic test is to be achieved which will carry sufficient guided learning hours to complete the works.

- The synoptic tests are obtained by the Exams Officer from the secure website.
- All work is internally assessed and standardised by relevant qualified members of staff and completed by the deadline date provided by the awarding body.
- Subject teacher to ensure relevant authentication sheets are completed, verified and signed by the subject teacher and students.
- HOF is responsible for ensuring all paperwork and assessment plans meet the awarding bodies requirements.
