Welcome to Aldercar High School and Post-16 Centre

HEAD TEACHER'S WELCOME

The staff, governors and students of Aldercar High School and Post-16 Centre extend a warm welcome to you. We are a rapidly improving school having seen recent improvements in the academic achievements of our pupils and being confirmed as 'Good' by Ofsted in their latest visit.

We challenge our students to have high expectations of themselves throughout their school life. Good attendance and punctuality, as well as working hard and to the best of their ability, are key to their academic success. Being respectful, courteous and disciplined allows our students to develop into responsible members of both our school and their local community..

Aldercar High School is a happy and harmonious school where students are cared for well. They feel safe and their teachers nurture their talents. Staff have strong relationships with parents so that students can be best supported to achieve their very best.

We aim for all of our students to leave Aldercar High School with the qualifications that reflect their very best ability as well as have the social confidence to make a real impact on their world whatever their talents.

I hope that this prospectus provides you with an insight into the life of students at Aldercar High School and that you have all the information that you need to make the right choice of school.

Mrs Clare Hatto
Head Teacher

"The headteacher and the leadership team ensure that pupils are safe, behave well and make good progress."

School Ethos

The economic, cultural and social landscape of our area is constantly changing. As a result, we aim to help our students to develop into responsible citizens who are ready to adapt to this environment. Throughout their schooling, we support our students to develop their skills so that they can take the opportunities presented to them and forged by them in order to succeed.

At Aldercar High School, we aim for our students to stand out from the crowd by having a unique set of qualifications, work related experiences and life skills. By having the very highest standards of our students and supporting them to reach these, we aim to prepare every student for a lifetime of success.

We aim to ensure that every student is ready for school. We do this by challenging every learner to develop their resilience to deal with a variety of situations. We encourage students to be responsible for their own organisation for each day and for each lesson. We work with students to develop their ability to communicate with others so that they are easily understood and can ask for advice or access help if it is required.

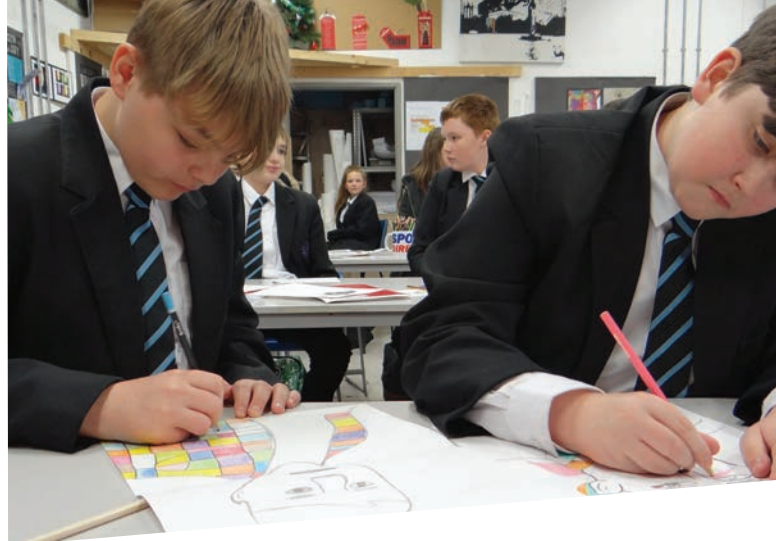

We ensure that our students are ready for work. We deliver a diverse and inclusive curriculum which meets the needs of our students. This allows them to be prepared for any employment opportunities both locally and nationally as well as ensuring that they are successful in gaining university places and apprenticeship opportunities as they progress beyond school. Every student will be given the opportunity to take part in work experience and we will work with employers both locally and nationally to deliver a careers path through Year 7 to Year 13.

Our ambition is that our students will be ready for life after school. They will be excellent citizens and role models both in school and in their community. We ensure that we deliver a broad PHSE curriculum and never miss an opportunity to extend this in subjects and life experiences through our extra-curricular programmes. In turn, students will develop the necessary skills to live in the world around them and contribute positively to their wider community.

**Ofsted
GOOD**

"The behaviour of pupils is good. They are polite and considerate of the feelings of other people in school."

Curriculum

At Aldercar High School, our curriculum reflects an understanding of our community and provides a broad and balanced range of subjects. These allow our students to succeed, as well as enjoy their studies. Our curriculum meets the needs of a truly comprehensive intake. It allows our students to study the courses of highly academic Oxbridge students whilst supporting others with life and learning skills.

At Key Stage 3, students follow the national curriculum. Students will study:

- Art
- Design and Technology
- English
- Geography
- History
- ICT
- Mathematics
- Music
- Performing Arts
- Physical Education
- Religious Education
- Science
- Spanish

Towards the end of Key Stage 3, we work closely with both our students and their parents when guiding them through their options for study at Key Stage 4 and beyond.

"At key stage 3, the broad and balanced curriculum provides pupils with the opportunity to build core knowledge and deepen their understanding throughout the first three years in the school."

At Key Stage 4, there is a core of compulsory subjects, which all students continue to study:

- English Language
- English Literature
- Mathematics
- Physical Education (non-examined)
- Religious Education
- Triple Science

Students then have the opportunity to select three subjects from the following options:

- Art (GCSE and BTEC)
- Catering (GCSE)
- Computer Science (GCSE)
- Engineering (BTEC)
- Product Design (GCSE)
- Health and Social Care (BTEC)
- I Media (BTEC)
- Performing Arts (BTEC)
- Physical Education (GCSE)
- Geography (GCSE)
- Spanish (GCSE)
- History (GCSE)

We endeavour to ensure the majority of students are eligible for the EBacc.

All students at Aldercar High School study the following subjects in lessons, tutor time, assemblies and through cross-curricular links.

- Citizenship
- Personal, Social and Health Education (PSHE)
- Spiritual, Moral, Social and Cultural Education (SMSC)

Ofsted
GOOD

"Teachers have good subject knowledge which they use to provide a solid foundation for learning."

Aldercar High School

SPORTS HALL

Every Child Matters

We pride ourselves on knowing each student as an individual.

We have strong links with our partner primary schools so that we can ensure that the transition to Aldercar High School is as smooth and stress free as possible for both our students and their parents.

Every student has the support of a dedicated Form Tutor and Pastoral Manager who reinforce Aldercar High School's commitment to excellence. At the same time, we support our students to develop both personally and socially.

Each year group has a unique programme of study tailored to their particular needs and stage of learning. This encourages our students to become more independent and enlightened individuals. Students experience high quality teaching and learning, including opportunities to work closely with our community partners.

At Aldercar High School, we look to enhance the knowledge of our students and to improve their personal skills in a variety of areas in order to best prepare them for life in the 21st century. These areas include Health, Careers, Sex and Relationships, study skills and enterprise.

"The enhanced resource facility for pupils with hearing impairment provides opportunities for these pupils to be fully integrated into all aspects of the school."

When students join the school in Year 7, they are placed into a tutor group with other Year 7 students. They have a dedicated form tutor usually from within the English and Maths faculties who fully supports them in their transition from primary to secondary school.

At the start of Year 8, students are allocated a new tutor who stays with them throughout Years 8-10. Form tutors are the most important member of staff in school for your child. They will oversee all of their academic and pastoral needs in school and will endeavour to provide the support that your child may need. In Year 11, students revert back to form tutors from within the English and Maths faculties who support them in the run up to the summer exams at the end of year 11.

We believe that our tutoring system:

- eases transition between key stages i.e. years 6 into 7 and 11 into 12
- allows pupils to share experiences with children of their own age as well as creating a sense of belonging to a vertical house system
- allows focussed and differentiated specific year based work to take place i.e. Options talk for Year 9 and CV writing for Year 11.
- enables Tutors in Years 8-10 to watch their tutor group grow and flourish.

We have invested in an extended team of non-teaching staff that assist form tutors and pastoral managers in their role of supporting our students. These include:

- Inclusion Manager
- Behaviour Support Officer (Seclusion)
- Behaviour Support Officer (On Call)
- Family Support Worker
- Attendance Officer

Working in Partnership

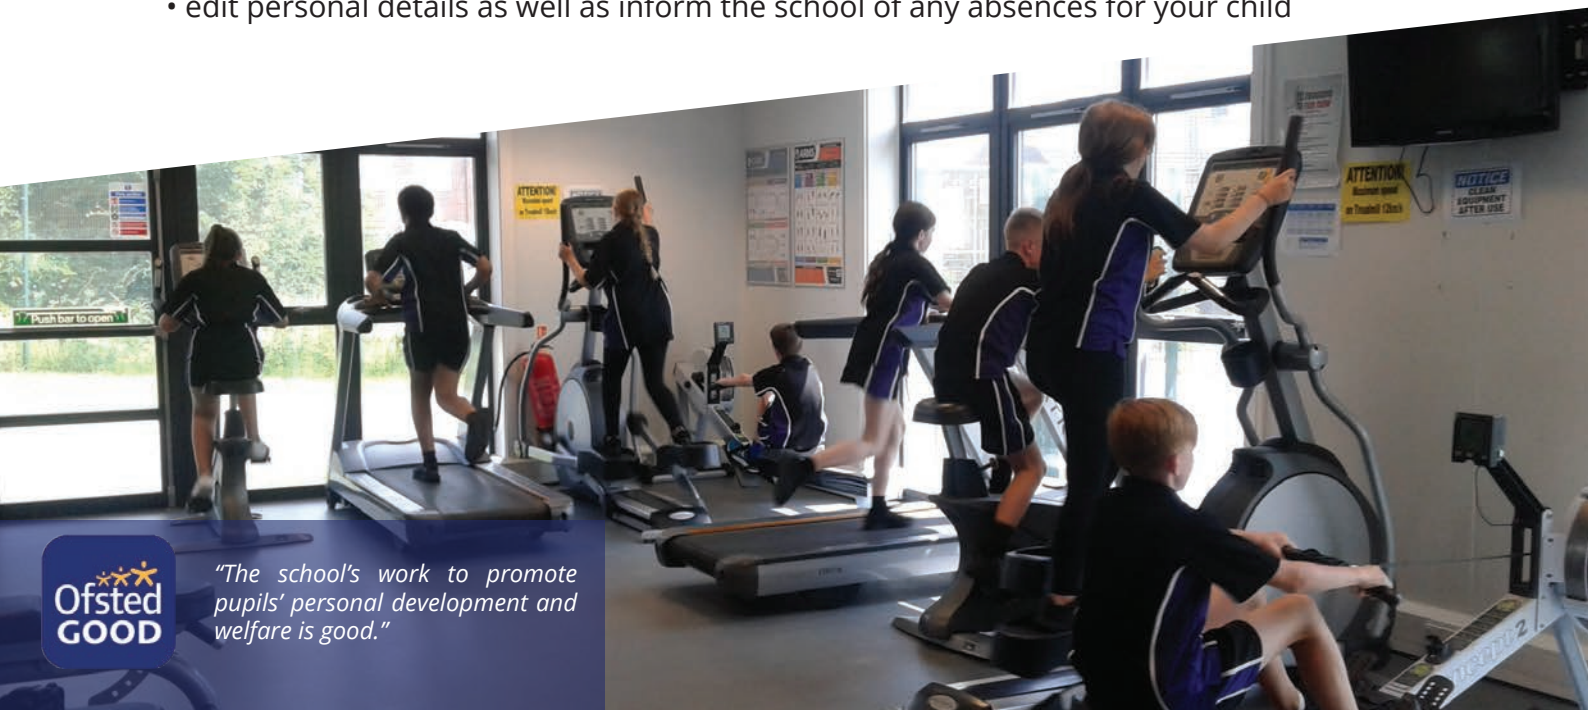

We believe that the welfare and success of students at Aldercar High School relies on a strong partnership between our students, their teachers and their parents.

As a school, we aim to:

- provide personalised access for parents to our Parent App which allows parents to keep informed electronically of the school life of a student;
- provide all students with a homework diary where students record tasks to be completed outside of class;
- assess student progress against their subject targets and report this home to parents;
- invite parents to an annual Tutor Review as well as an annual Subject Parents' Evening to discuss the progress of students in their subjects;
- keep in contact with parents through letters and text messages home as well as through a termly newsletter.

As parents, you will take an active interest in the progress of your child by:

- ensuring regular attendance and good punctuality of your child;
- monitoring the completion of homework by your child by checking their homework diary;
- contacting the school if there are any concerns;
- attending parent's evenings and tutor review appointments;
- accessing the Parent App to:
 - track the attendance, punctuality, and behaviour of your child;
 - keep up to date with the progress, timetable, calendar and notices specific to your child;
 - edit personal details as well as inform the school of any absences for your child

**Ofsted
GOOD**

"The school's work to promote pupils' personal development and welfare is good."

Accommodation for Learning

Our school has benefited from a two-phase rebuild which was completed in 2018.

Students and staff now enjoy learning and working in first class teaching facilities for Science, Art Information Technology and Food Technology along with a library and an Enhanced Resourced Facility to meet the needs of hearing impaired and physically impaired students. In addition, there are general teaching areas as well as the main hall, dining facilities and office accommodation.

All of these premium facilities enable us to develop high quality teaching and learning that both inspire and enthuse our students.

We have excellent sports facilities including a full size, state-of-the-art sports hall, a floodlit all weather pitch, tennis courts, a fitness suite and grass pitches, allowing our students to participate in a wide variety of individual and team sports at all levels, whilst developing skills such as resilience and co-operation which are important in creating a purposeful life.

In addition, the school is set in attractive grounds with plentiful car parking, which contribute to a welcoming physical environment.

Uniform

Achieving high standards is important in everything that our students do and uniform standards are no exception. At Aldercar High School our students take great pride in their appearance. As a result, our students look smart and dignified.

Uniform at Aldercar High School:

- an official black school blazer with school badge
- a clip on tie in the relevant house colour (Gregg: green; Howitt: yellow; Ormonde: red; Shipley: blue)
- official black trousers or black skirt with school badge
- plain white shirt with buttoned collar
- plain black footwear
- one plain small stud or sleeper earring per ear may be worn – no other jewellery may be worn
- Make-up, nail varnish and nail extensions are not allowed
- hairstyles must be neat and tidy. Extreme hairstyles or accessories are not permitted
- a plain grey V-neck jumper (optional)

PE uniform at Aldercar High School:

- Aldercar High School embroidered unisex polo shirt
- Aldercar High School panelled sports shorts / Aldercar High School panelled skirt
- Black sports leggings
- Sports socks
- Trainers

Optional items

- Aldercar High School 1/4 zip sweater
- Plain black tracksuit bottoms

The Aldercar School uniform is available direct from our supplier:
