Dear Students,

I am writing with news of the release of Decisionz' new autumn 2021 Issue of their careers e-magazine. You can read the e-zine from your phone, tablet or computer and, if needed, the pages are downloadable and printable. The new autumn issue is packed with information and guidance to help you make the right decisions for your future.

The new e-magazine includes 60 pages, with lots of useful content ranging from gap year FAQs, apprenticeship advice and discovering your options to an interview with an Archaeologist. The issue also includes dates for your diary in 2021/2022.

If you're interested in maths, pages 34 and 35 include a subject focus where you can discover useful websites to help you get started as well as a career snapshot which lists jobs relating to maths and the various salaries. If it is Law you're interested in, pages 26 and 27 feature an inspiring case study from Molly McLoughlin: My journey to becoming a solicitor.

The autumn 2021 magazine contains more local opportunities than ever, with study programmes and more in Nottinghamshire and Derbyshire, apprenticeships, college open events and more. You can also get all your careers related questions answered by flipping to page 6 and 7.

We understand the previous year has been a tough one and you may be feeling anxious about the time ahead. We hope this magazine will support you in making this year a successful and happy one and answer any questions you might have about your future.

Follow Decisionz on Instagram for more local opportunities, careers advice and news:
