

## TALKING TO YOUR DEAF FRIENDS

Some deaf people speak, some use sign language and some use both.

Find out what your friend does.

## Five top tips

- Get their attention. Try waving or tapping their shoulder.
- Speak normally.
  Not too slowly or too loudly.

- Face them when you talk.
  Make sure they can see your mouth.
- Use your hands. Point at what you're talking about.
- Keep trying. Try texting on your phone or writing a message down.
