

Trip to Ilkeston Fire Station.

On Friday 5th July 2024, Deaf pupils from Aldercar High School and Langley Mill Juniors enjoyed a trip to Ilkeston Fire station. It was Amazing! We looked round the station and saw all of the equipment, including a fake house and mannequins used for training. We also got to have a go spraying the hose!

We also did a water safety workshop where we learned about safety in open water and we got to practice using a throw line to pretend to save someone.
